

CHEAP TRICK WAS PLAYED BY PAPER

Commercial Club Directors
Sign Public Statements.

Asked if They Had Attended Meetings at Night and They Replied, "No."

THE FALSEHOOD IS UNCOVERED

Stirred by a cheap trick, which brought them into unpleasant notoriety, and put them in the false light of seeming to say what they had not, Messrs. Harry R. Hank, Dan Fitzpatrick, Wallace Well and George H. Goodman have signed statements concerning the resolutions adopted by the Commercial club directors favoring the water works contract and the park bond issue. They were tricked by the question, "Did you attend a meeting at night?" and they responded no. As a matter of fact, the Commercial club meeting at which the resolutions were adopted was held in the day time.

Mr. B. H. Scott also was tricked the same way. He said he did not attend a night meeting. He did not even know the purpose of the question asked him until he read an article this morning saying he did not attend the meeting of the Commercial club directors when the resolutions were adopted. Mr. Scott met with the directors in response to the call of the president and heartily endorses both measures.

The following statements indicate how utterly false and contemptible was the misapprehension this morning on an organization which is doing everything the united business men can to promote the welfare of the city:

Statement Untrue.
"I wish to state that I was at the meeting of the Commercial club held in the morning when the resolutions were adopted desiring the ratification of the water contract and approving the park bond proposition, and the statement made in the morning paper is absolutely untrue, and I never made a statement to anyone that I was not present at this meeting."

P. DAN FITZPATRICK.
Mr. Goodman Present.
"Last evening Mr. Robert Wilhelm called me up over the phone and asked me if I was at the meeting of the Commercial club the night before, to which I answered no, as I knew of no meeting of the Commercial club on the night before. I attended a meeting at 11 o'clock on the morning of October 31, where the bond issue for parks and the proposed contract with the water company were discussed and approved. I, with everybody else present, approved the resolutions. I have never told anyone that I was not present at this meeting."

GEORGE H. GOODMAN.

Mr. Well's Statement.
Mr. Jim Wilhelm called me over the phone and asked me if I attended the meeting of the Commercial club. I informed him that I did not, as I forgot about it and understood that there was no meeting at night, but this morning, when the resolutions were adopted was on Wednesday during the day, and while I was not present at the meeting, but was notified of same, I had expressed myself in hearty approval of the adoption of these resolutions, and do approve them, and sincerely trust that these measures for the park bond issue and the ratification of the proposed contract with the water company will carry, as I think it is the best for the city. Very respectfully,
WALLACE WELL.

Mr. Hank's Statement.
I wish to state that Mr. Bob Wilhelm telephoned and asked if I attended a meeting of the Commercial club the night of October 31. I stated no, as there was no meeting at the club rooms. The meeting that I was requested to attend was during the day, and I could not attend on account of urgent business, but it was known that I heartily approved of the proposed ratification of the water contract with the city, and also for issuing \$100,000 for park purposes. I wish to reiterate my approval of these resolutions of October 31, covering the above propositions.
HARRY R. HANK.

Secretary Coons.
Mr. Coons said:
"I wish to state that I was authorized to secure the approval of three or four of the gentlemen that were not present at the meeting of the Commercial club rooms on October 31, and at which meeting the resolutions were adopted approving the Bond Issue for Parks, and the ratification of the proposed contract

with the Paducah Water company, and through a misunderstanding I failed to secure the approval of Mr. Wallace Well, Mr. Gilbert and Mr. Bower, and I wish to make this public announcement that I was authorized to do so through the president of the Commercial club at an open meeting. Through the press of business I overlooked this which I regret very much, and wish to make this announcement in justice to the president and the directors that were present."

EXPLOSION

WRECKS STORE ROOM OF CINCINNATI SOUTHERN.

Chattanooga Railroad Shops Visited With Horrible Catastrophe Last Night.

Chattanooga, Nov. 2.—A terrible explosion occurred in the yards and store room of the Cincinnati Southern railroad this morning. As a result, Clark Evans, colored, is dead and another man fatally injured. Almost a score are seriously injured. The store house was entirely destroyed. Several other buildings were damaged. Every window in the power house of the Chattanooga Electric railway was broken.

BRITISH STEAMER AFIRE.
Crew, With Exception of Two, Rescued by Passing Vessel.

Queenstown, Nov. 2.—The British steamer Vedamore, from Baltimore Oct. 20 for Liverpool, passed Kinsalehead this morning and signaled that she saw the British steamer Nemea abandoned and on fire in latitude 51 north and longitude 15 west. The crew of the Nemea with the exception of two men, who were lost, were taken on board the Vedamore.

The British steamer Sylvania, from Boston Oct. 24 for Liverpool, has reported subsequently seeing the Nemea on fire in about the same position, or about 200 miles off the Irish coast.

HEARST CHARGES
Of Mutilation of Independence Petitions to Be Probed.

New York, Nov. 2.—As a result of the letter sent yesterday by William R. Hearst to Judge Otto Rosalsky charging gross criminal negligence on the part of the members of the board of elections, which resulted, he alleges, on the mutilation of petitions filed by candidates of the Independence League. MacDonald DeWitt, a lawyer in the offices of Clarence J. Shearn, appeared at the district attorney's office today, accompanied by witnesses, to testify in support of Mr. Hearst's contention. They are the men who make affidavit to the truth of the statements.

DOG SAVES FAMILY FROM FIRE

Awakens Master in Time to Escape From Burning Home.

Chippewa Falls, Wis., Nov. 2.—John Dolan, his wife, two daughters and son, were saved from burning to death in their home early this morning by their dog. Dolan was first aroused by the dog's howling, but told the animal to "shut up," and went to sleep. The dog then jumped onto the bed and seized Dolan by the arm. This thoroughly awakened the man and the family escaped just as the roof was falling in.

BISHOP GALLOWAY BETTER.

It Is Believed That He Is on the Road to Recovery.

Jackson, Miss., Nov. 2.—Dr. E. H. Galloway, who was seen tonight at the residence of his father, Bishop Galloway, gave a very cheering report as to his condition. The patient is more than holding his own and it is believed that he is in a fair way to recovery. Telegrams and letters and telephone messages as to his condition continue to come in, indicating wide interest.

President After Turkeys.

Richmond, Va., Nov. 2.—The president, Mr. Roosevelt and Surgeon-General Rixey, at Pine Knot, got up early this morning and started on a hunt for wild turkeys. Mighty hunter, though the president is, it seems that he has never potted a wild turkey, and it is his ambition to add this achievement to his record.

HOME CONSUMED BY ANGRY FLAMES

Mr. and Mrs. Allen Were Awakened By Smoke.

Efforts to Save Valuable Papers and Personal Effects Resulted in Injuries.

LOSS WILL BE ABOUT \$1,000.

Awakened by suffocating heat and smoke Jerome Allen, his wife and baby boy, of Lamont, rushed from their beds last night at 12 o'clock to the open air to safety just in time to escape cremation. Valuable papers and money in the house drew wife and husband into the burning house again, and both were seriously burned.

Allen is a prosperous farmer, formerly a liveryman in Paducah. He owned a small frame dwelling and last night retired early.

At 12 o'clock he was awakened. The smoke suffocated him. He seized his wife who had also awakened, and the mother took her baby in her arms, wrapping her gown about it, and fled.

Reaching the open air they began to think of valuables. Mr. Allen fought the fire which originated in the cooking room. He was unsuccessful and was badly burned about the head and hands, losing all his hair. His wife remembered valuable papers in the wardrobe and rushed into the building to save them. She was unsuccessful, and staggered out of the burning house minus her hair and a portion of her gown. The blazing robe she wore was smothered out before she was badly burned.

"I cannot begin to estimate my loss," Mr. Allen stated over the telephone at noon. He was able to be up although badly burned. The house was partially insured and will say roughly that I lost \$1,000. My wife was badly frightened by the shock, and is also badly but not seriously burned. I have no idea how the fire caught."

Mr. Allen lost valuable papers and about \$30 in cash. He regrets the loss of the papers most of all. After the fire he went to the residence of Sheriff John Ogilvie, and the family will live with Sheriff Ogilvie until quarters are secured.

PRAISED

WAS STARKS-ULLMAN BAND FOR PLAYING FOR LADIES.

Censured When They Donated Service to Citizens' Rally at City Hall.

Members of the Starks-Ullman band, which furnished the music at the citizens' rally at the city hall last night are indignant at the article published this morning with reference to their organization. There are 20 members of the band, and all of them are employees of the Starks-Ullman Saddle company. They organized the band for their own pleasure, and have cheerfully offered their services to all sorts of public enterprises and movements, a spirit that is to be commended. They gave their services on two occasions last week, to the ladies conducting the cooking demonstrations at Rhodes-Burford's. They were highly praised for their donation in that instance by the paper which was so severe on them this morning.

THOUSAND POUND STONE

Knocks Men From Fourth Floor to the Basement.

Philadelphia, Nov. 2.—Two men were killed and five seriously injured by the slipping of derrick chains at a new building today. Men were working on a scaffold under the derrick when the chain slipped, throwing a thousand-pound stone down upon them. Men and stone were carried from the fourth floor to the basement.

Rich Man Murdered.

Pittsburg, Nov.—James McMillan, a prominent business man was found murdered near his home in the fashionable section of the city this morning. His money watch and several diamonds were missing. McMillan's head was crushed as if with a club.

Judge Gary Dies.

Chicago, Nov. 2.—Judge Joseph E. Gary, one of the most widely known jurists in this section of the country, and who presided during the famous trial of the anarchists in 1888, died suddenly yesterday of heart disease. He was 84 years of age.

HART CHALLENGES WINNER

Kentucky Fighter Wants to Meet Victor of San Francisco Bout.

Louisville, Nov. 2.—Russel Hart, manager of his brother, Marvin Hart, this afternoon wired James Cottrill, of San Francisco, a challenge from "Marvelous" to the winner of the Kaufmann-Berger battle. Since his six-round set-to with Schreck in New York City about a year ago Hart has been rusticated on his farm here. He only yesterday figured in a thrilling rescue, grabbing the pistol of a drunken man, who had the drop on a junk dealer, and it is thought was about to fire. Hart happened to be passing the junk store at the time.

BANK OF HARDIN BURNS TO GROUND

Money And Papers Thought To Be Safe In Vault.

Hardin Herald and Paraphernalia and Records of Masons Also, Were Destroyed.

LOSS ABOUT FIVE THOUSAND.

Fire destroyed the bank of Hardin, the Masonic hall and plant of the Hardin Herald at Hardin, Marshall county, a few miles south of Paducah on the N. C. & St. L. last night between 8 and 9 o'clock. The cause of the fire is unknown, and the loss is complete, no insurance being carried.

The fire was discovered shortly after 9 o'clock. It caught in the first floor of the two-story brick building. A bucket brigade was unable to cope with the conflagration and the fire was too hot to attempt to save anything.

The building was occupied downstairs in front by the bank, in the rear by the Hardin Herald, edited by Jack Wear. The Masonic hall occupied the upstairs.

The Bank of Hardin is capitalized at \$15,000 and Gene Irvan is president. It has been a flourishing bank since its organization, and while the fire will set it back for some time, will not necessitate its closing business. The papers, books and money had been carefully placed in the vault, and it is thought the vault remains intact. It will be opened as soon as an expert locksmith is secured.

The Masons, printing company and bank carried no insurance. The building was owned by the banking company and no insurance was carried on it.

The loss is estimated roughly at \$2,900. This includes the equipment of the three businesses, bank, printing and the Masonic hall furniture. The loss on the building is about the same.

JAP SPY

CAUGHT SKETCHING THE FORTRESS AT MANILA.

Yellow Fellow Holds Bank of Captain and Had Several Sketches in His Possession.

Manila, Nov. 2.—A Japanese officer known to hold a commission as captain of engineers in the mikado's army, was caught today in disguise engaged in sketching certain fortifications in Manila harbor. He promptly was arrested and steps will be taken to deport him immediately. A search of his effects revealed several well executed sketches of the forts on the islands. Washington was notified at once. Orders from there are awaited.

T. MOSELEY PRESIDENT.

Elected by Central Labor Union to Succeed L. M. Langston.

Last night the Central Labor union met and elected a president to succeed L. M. Langston, resigned. Mr. Langston went to Cairo to work and T. Moseley, vice president, was elected to succeed him. Charles Horton, of the Retail Clerk's union, was elected vice president. E. B. Sanders was chosen financial secretary, vice W. E. Gipsen, who is unable to attend the meetings.

Mosaba Is Overdue.

New York, Nov. 2.—The Atlantic transport liner Mosaba, with 27 cabin passengers and a cargo of live stock aboard is over due 28 hours. She sailed from London October 20 and should have arrived Tuesday at the company's headquarters. It is said no alarm is felt for the vessel's safety.

RESCUES ANIMALS AT RISK OF LIFE

Col. James Sleeth Burned On Neck And Arms.

Thinks of Dog and Horse First Thing and Saves Them From Blazing Stable.

FOUR STABLES ARE DESTROYED.

Col. James Sleeth, the druggist and member of the board of health, is badly burned, the result of his heroism this morning in rescuing his fine dog and horse from a burning stable. His hands, neck and ears are badly burned, and he is today confined by the injuries.

Col. Sleeth was awakened by the cry of fire. He arose to find his stable burning. The fire caught from the stable of W. J. Hills next door, at 318 North Ninth street, and spread rapidly. Col. Sleeth secured a blanket from his bed, thinking instantly of the necessity of blinding his horse before he could rescue it, and succeeded in getting the animal out. His hands were burned in this act.

He remembered his fine bird dog, and rushing back into the stable, grabbed the frightened canine and carried it out, the falling brands of fire severely burned his neck and ears.

Cause Is Unknown.

Fire broke out from some unknown cause in the stables of W. J. Hills, 318 North Ninth street, at 2 o'clock this morning and burned rapidly, consuming the stables of neighbors before the fire was discovered and the fire department called out.

The Hills stable is located on an alley back of the residence. It adjoins the stable of Colonel James Sleeth and is across the alley from the stables of Mrs. B. Wellie, Sr., and Mr. Louis Levy. All four stables were burned. The Nos. 1, 3 and 4 fire companies answered the alarm. The fire had gained too great a headway and the loss was complete.

Chief Wood states that the damage will amount to about \$1,000 partly covered by insurance.

STOLE SHOES

AND WAS PURSUED BY MOB TO STREET INSPECTOR'S OFFICE.

Alfred Breedlow Was Arrested and Locked Up on Charge of Petit Larceny This Morning.

With half a hundred people pursuing him, Alfred Breedlow, colored, ran into the open arms of Street Inspector Alonso Elliott at his office, near the city hall at 10 o'clock this morning and was immediately taken to police headquarters and lodged in the lockup, pending trial for petit larceny.

He stole a pair of shoes from the Ben Michael store and was observed in the act. With each step he enlisted a follower, and by the time the police station, which he made straight for, was reached he had a regular mob after him.

SUTTON WINS FROM SCHAEFER.

Defeats "Wizard" by Score of 500 to 429 at 18.2 in Baltimore.

Baltimore, Nov. 2.—George Sutton last night defeated Jake Schaefer at billiards, 18.2, 500 points, running out in his thirty-third inning. Schaefer's score was 429. The latter's 73 in his seventh inning was his high run of the evening. In his thirty-second inning Sutton ran ten and missed the shot that would have made his score 500. Schaefer, with his score at 418, was unable to score more than 11 toward closing the gap, however.

FOUR ARE DEAD.

In Battle Between Officers and Robbers in Washington.

Spokane, Wash., Nov. 2.—Four men are dead as a result of a battle late yesterday near Kennewick, Wash., between officers and two men who had robbed two stores in Kennewick.

Walked to See Brother.

New York, Nov. 2.—Lillie Devore, 16 years old, dropped fainting in the streets of Yonkers last evening. The girl was taken to a hospital and when revived said her plight was due to the fact that she had tramped a great deal of the way from

Buffalo. Her destination was New York, where she had a brother living. Her mother, she said, was dying in Chicago and had written her expressing a wish to see her son before the end came. The girl had no money and resolved to walk to New York in an endeavor to find her brother and carry out her mother's wishes. Railroad men helped her on the journey by giving her free rides. The girl will come to New York today and endeavor to fulfill her mission.

DISSATISFIED

ARE AMERICAN DELEGATES TO CONFERENCE OF WIRELESS.

England and Italy Make Reservations Which Nullify Effect of Agreement.

Berlin, Nov. 2.—American delegates to the International Congress of Wireless telegraphy today expressed the greatest dissatisfaction with the terms of the agreement reached by the conference governing the exchange of messages between various wireless systems. While inter-communication was arranged for theoretically, reservation was made by England and Italy, both of which have contracts with the Marconi system. This will practically nullify the effect of the agreement with the American companies.

FIND BONES 25,000 YEARS OLD.

Geologists Make Discovery in Texas Showing Desert Was Once Jungle.

El Paso, Tex., Nov. 2.—Walter E. Koch, a fellow of the Geological society of London, and G. B. Richardson, of the United States geological survey, in excavations here, have unearthed jawbones of two tapers, supposed to have existed here 25,000 years ago, and an elephant's tooth, from an animal which probably lived about 12,000 years ago. The discovery of the bones proves, the geologists say, that this great desert region was once a jungle. Tapers live on roots along river banks and elephants would not have been here unless it had been marshy.

DYNAMITE FOR WEDDING JOY.

Friends of Wisconsin Farmer Nearly Wreck House in Celebrating.

Madison, Wis., Nov. 2.—Charles A. Roberts, living on a farm near Stoughton, draws the line at the use of dynamite by charivari parties. To celebrate Roberts' marriage some of his friends gathered at his home last Sunday night and exploded several sticks of dynamite, wrecking part of the house. Roberts went to Stoughton and swore out warrants against four young farmers charging them with malicious destruction of property, an offense which carries a grave penalty in this state.

FAILURE OF MEXICAN SCHEME

Receiver Named at La Crosse for Company Capitalized at \$600,000.

La Crosse, Wis., Nov. 2.—Judge Fruit in the circuit court today appointed C. S. Van Auker receiver of the Mexican Plantation company. The company is capitalized at \$600,000. A great amount of stock was sold in all parts of Wisconsin, many people of small means being among the purchasers. The failure is attributed to the exorbitant price paid for the plantation from the first holders and to the ill luck attending its operations.

INTANGIBLE ASSETS LAW VALID

Texas Appellate Court Upholds New Statute in Railroad Case.

Austin, Tex., Nov. 2.—The new intangible assets law was held constitutional by the state appellate court today in a decision in the case of several railroads against the state tax board to test the statute. The court decided, however, that the tax board does not have the power to assess intangible property and can only make recommendations to the assessors as to what the assessments should be.

Carnegie Works Loss.

Pittsburg, Pa., Nov. 2.—The plant of the Carnegie Plow and Manufacturing company with its valuable machinery in East Carnegie, was destroyed by fire early today, causing a loss of \$125,000. The fire originated in the foundry building.

WEATHER—Fair and slightly warmer tonight. Saturday partly cloudy with colder by night. The highest temperature reached yesterday was 63 and the lowest today was 35.

THROWS HIMSELF UNDER THE TRAIN

And Engineer Is Helpless To Avert Tragedy

Hertbroken Note Addressed to Some One He Loves Is the Only Explanation.

MAN EVIDENTLY PIANO TUNER

The name of the man killed by the train at Clark's Station is John Murray, 30 years old, of Mayfield. Fred Roth telephoned there to Chief of Police McNutt, who identified him. He is an itinerant piano tuner, sewing machine repairer and guitar player.

A heart-broken note, a pencil-written scale, a few addresses in a note book and a mandolin pick, are all left to disclose the identity of an unknown man, evidently a piano tuner, who threw himself in front of an Illinois Central freight train this morning shortly after 12 o'clock at Clark's station four miles east of Paducah on the Louisville division, and was instantly killed. He seemed to have been drinking and staggered in front of the engine as the train approached him. The engineer did not observe him in time, and did place was impossible. The man was struck in the head, knocked off the right of way and the train crew picked him up dead.

The train was the second section of freight No. 188, in charge of Engineer David Kennedy and Conductor E. C. Derrington. It left Paducah at midnight and the accident happened a few minutes after leaving Paducah. On account of the short distance back to Paducah the train was backed into the union station and the corpse given into the care of station attaches, who notified Coroner Eaker. The coroner removed the body to the Mattill-Efinger undertaking morgue, where it is being held for identification.

The man is about 5 feet 8 inches tall, has curly hair and blue eyes. He was ordinarily dressed and carried nothing about his person except a small leather note book into which he had scribbled many names, some from Fancy Farm, Mayfield, and other Graves county towns; also residents of Wickliffe, Fulton and Paducah. He had been seen lately about Paducah saloons, and was recognized by Harry Allen, who operates a saloon at 110 South Third street. Allen did not know his name.

Coroner Frank Eaker was unable to get service on members of the train crew, and could find out few particulars of the affair. From what the engineer stated the man was drunk. Pieces of fresh lemon in his pocket indicated that he was treating his stomach for excessive drink. The writing in the book, showed that he had an unsteady hand.

The music scale in sharps and flats was scribbled in his book. He marked "piano" under some names indicating that he tuned pianos.

Looks Like Suicide.

The following note written in a vest pocket memorandum book, indicates that he committed suicide: "My Dere One—You nerly brok my hart the way you don me. If you dont want to treat me right it is all right. But you never will see anyone else like me, dere. You looked so sweet last night, I did want to dance with you so bad. But you did so bad I wouldnt ask you to. My god, I hope you will love me for I will love you as long as I liv. May God bless you, my dere one, forever. Goodbye R. L."

Among the names, evidently a list of his patrons, were: Mrs. Watts, 13 and Trimble street; Mrs. Smith; John Beasel, Oram; Mr. Killikain, Fancy Farm; Dr. Flint, Wingo; Hall Bellingly, 110 South Third street; Lutzle Slayton, Melber; Dunn Bros., Wickliffe.

Fairbanks' Schedule Upset.

Peru, Ind., Nov. 2.—Vice President Fairbanks' special was compelled to detour around a wreck this morning. His schedule was seriously disarranged. The wreck occurred on the Wabash, west of Peru. A freight train struck a broken rail and 21 cars left the track.

Stole His Outfit.

While "Dink" Ballows, of Clark's river, was in a house on the south side owned by him, collecting rent yesterday, some one stole his horse and buggy from in front of the house, and the outfit still is missing.

Strike Continues.

New York, Nov. 2.—There is no settlement in sight of the trouble between the New York Transportation company and its striking chauffeurs, and particularly all the company's automobiles are still tied up.

Your money will buy more value at the New Store than it will at any other clothing store in Paducah

That is a broad statement, but nevertheless a true one. We intended such should be the case, else we should not have asked for your business, and our customers tell us it is absolutely so.

Men who make it a rule to hold their expenses down to the lowest notch are rapidly learning this fact. It is the key note of the success we have made. Just drop in and see the New Store; you won't be urged to buy, but we won't promise that you will resist the tempting things you will see.

Overcoats from \$10 to \$40

Our price range must necessarily be a broad one, for we intend to have an overcoat to suit any man's pocketbook or taste, no matter what they tell him he wants.

We are selling just lots of coats for \$10 that our customers say more is asked for elsewhere. They are in the latest styles, and several different cloths, and will surprise you by their goodness.

At \$15 we have a b'g line, in all the latest styles, in grays and fancy mixtures, and held at \$18 in many stores. Lots of men don't want to put more in an overcoat, and such men should see these.

Now \$20 gives you a still wider range in materials of coats, and a value that a few years ago was out of the question. Absolutely faultless in cut and carefully tailored in all details.

At \$25 and up we get into the best ready-to-wear overcoats made, and we believe we are showing as good as is to be had anywhere in the country, but price them just a trifle less.

Suit prices range \$10 to \$40

Some men don't have more than \$10 to put into a suit, so we want you, if you are in that class, to see the suit we sell you. It is easily worth \$12.50.

Then there is the \$15 man. For him we are specializing on a line of extraordinary value for the money, and not to be equaled for anything like the price.

We have a second display for the \$20 man, which are the best to be had for the money. Hand tailored in the height of fashion, in many cloths and styles.

And at higher prices—\$25 to \$40—we have suits that can not be duplicated at a tailor's shop at less than double the price.

All these suits, at any price, come in every style and fabric your taste may fancy. There is nothing missing that should be here and nothing here that should be missing.

We want you to see our splendid lines of underwear and note the prices we have placed on them

Here we show the best lines of the leading makers in this and the foreign countries, and garments at all prices. The Royal Plush, a soft, lined garment, to prevent irritation, and sells at \$3.00 the suit; Dr. Wright's fleece lined underwear, at \$2.00 a suit; B. and L. Ribbed Wool Suits, at \$4.00 a suit; High Rock, fleece, full 14 pounds, at 50 cents a garment; Derby Ribbed, in blue and Aerie; Glastenbury Worsted Woolen at \$2.00 to \$4.00 a suit. This garment is guarantee non-shrinkable. We also have Norfolk and New Brunswick underwear at \$3.00 a suit. It is full regular made, with woven seams, and absolutely guaranteed not to shrink; Union Suits at \$1.50 to \$5.00. We have no hesitancy in offering our superb lines of underwear to the people of Paducah, and our experience in this line warrants us in saying there is none better to be found anywhere at the price. Inspect them early.

Extraordinary value shirt \$1.00

We created great interest among our friends with the Dollar Shirt Bargains we offered a few days ago, in fact have with all our shirt offerings. We have some of the newest things to be seen for the man who looks for the new in shirts, and we have those old reliable standbys for the man looking for conservative styles, and medium price stuffs. They come in plaid or stiff bosom in all the popular patterns, coat styles, too. Come in and look them over.

ROY L. CULLEY & Co.
415 to 417 BROADWAY
OUTFITTERS TO MEN AND BOYS

Exclusive things in gloves 50c up

We are agents for Fowles and Fish, Clark and Flag's Kid Gloves, and the McGeorge Imported Scotch Woolen Gloves, and have, probably, the biggest selection of gloves in the city. For one thing, the McGeorge Woolen Glove with silk lining, which prevents chapping, price \$1.50; and a novelty in the way of a Suede Fabric, lined glove, that looks like and feels like leather, with leather's wearing qualities, at 50c. There is every glove that should be with and none that should not.

BIRTH; HOSPITAL OUT MILLIONS

Advent of Heir to Plankinton Wealth Cuts Off Big Charity.

Milwaukee, Nov. 2.—A tiny waif, a wee bit of humanity, who made his advent in Milwaukee this morning, meant the disappearance of millions to the Milwaukee Hospital association. If this little stranger had not arrived the hospital in due time would have received an estate valued between \$2,000,000 and \$4,000,000. Now this wealth will remain in the Plankinton family. The youngster who so dashed the hopes of the association is a healthy and promising boy to whom Mrs. Woods Plankinton gave birth, and there is great rejoicing at the Plankinton home and among the Plankinton friends there. When John Plankinton died his will was found to contain a provision that in case no heir was born or was alive at the time of the death of the testator's son, daughter and grandson, the Plankinton estate was to go to the Milwaukee Hospital association, connected with the Milwaukee hospital, to which Mr. Plankinton during his life had been a generous contributor. If the present heir lives there is no likelihood of the association receiving any of the estate.

Boys Suspended; Girls Walk Out.

Appleton, Wis., Nov. 2.—One hundred and twenty-seven boys of the freshmen and sophomore classes of Lawrence university are under suspension and 156 girl students have gone out on a strike in sympathy and they refuse to return to classes until the boys have been reinstated. President Plantz announced at chapel exercises this morning that every male member of the two first year classes will be barred from recitations until \$27 has been paid to defray expenses incurred in making repairs to property damaged by the freshmen and sophomores during class rushes last month.

MUSIC WAS TOO CLASSICAL.

Mrs. F. C. Fairbanks Wanted "Waltz Me Around Again, Willie."

Pittsburg, Nov. 2.—Franz Koehler, first violin of the Pittsburg orchestra and leader of the Mendelssohn Trio, received a shock at the last concert given by the trio at the Hotel Schenley. Frequently the audience sends to the leader for "request" numbers, and when Koehler saw an usher bring a note from the corner occupied by Mrs. Frederick Cole Fairbanks, the new daughter-in-law of Vice President Fairbanks, and her party, he smiled graciously. He read the note, shook his head and told the usher to say that he did not have the music. He tried to stick the note in his vest pocket, but it dropped on the floor instead, and then, to hide his confusion he started the next number on the program. After the concert some one picked up the note which contained the request. It called for two selections, "Waltz Me Around Again, Willie," and "Waiting at the Church." Koehler was dejected.

HAD THEM MARKED.

Tickets Sent to Shops With Democratic Names Voted.

Democrats are working hard in the railroad shops.

"I received this morning 150 ballots, of the educational kind, of course," a well known Democrat declared at the shops this morning. "I did not notice them at first and gave several out. Presently a colored man came to me. He held the ballot I had given him before me. 'What do these cross marks mean,' he inquired of me. I had not before observed them, but on examination found that every ballot sent me was stamped with a red cross opposite the Democratic school trustee candidates' names. I gave out no more ballots."

A careful canvass of the railroad districts shows clearly that the bond issue will carry by a big majority among the railroad people. They are in favor of play grounds for the children and will work hard for the issue.

REFORMED SPELLING

Strikes Supreme Court and Elicits a Question.

Washington, Nov. 2.—The question of the propriety of using the modified spelling in accordance with the order of the president was incidentally raised today in the supreme court of the United States. The case under consideration was that of Balfour against the United States, and Solicitor General Hoyt was engaged in presenting the government's side. In the course of his argument he had occasion to refer to a long quotation in his brief from a decision of the court rendered some years ago by Justice Bradley in which the word "through" was spelled "thru." Chief Justice Fuller held a copy of the brief in his hand, and when the word was reached interrupted Mr. Hoyt with a question as to whether the extract was intended to be a quotation from Justice Bradley's official opinion.

RECKLESS FALSEHOOD.
Malice inspires falsehood and the fruit of hate is not sane logic, but reckless perversion of facts and fallacious maneuvering. It is not difficult for the calm mind to determine whether principle or personal motives induce opposition to a measure. Take, for instance, the opposition to the water contract and the park bond issue. A pamphlet printed daily in opposition to the measures, in an article headed "A Fair-faced Fraud," states that Mr. Dan Fitzpatrick, George H. Goodman and B. H. Scott declared they were not present at a meeting of the Commercial club directors when they passed resolutions favoring both measures. These gentlemen in signed statements today show the "Fair-faced Fraud" article itself to be a falsehood, and disclose the trick by which two of them were induced to say they were not at a meeting which never was held. It would have been very easy to have seen Secretary Coons and ascertained the facts.

Life and property, and as far as it is affected by the conditions of these, the prosperity of the city, are dependent on the kind of a man you elect police judge. He passes on every criminal case arising in the city, whether it goes to the criminal court or not. Last month the police arrested 119 offenders—a very ordinary month—and all these were presented before the city judge. Some were first offenders, whose cases needed study and that they might be reformed. Some were drunkards, some guilty of violence, others theft. It requires a man of patience and diligence, of moral fibre, just and merciful but inexorable, to stand between society and its enemies, which pass in daily procession before the police court bench. Every day some influence is brought to bear on the court, some threat offered, some obligation suggested. The police court judge should be a man far removed from temptation. Not a machine politician, but a humanitarian and a man of experience and good judgment. Such a man is E. W. Bagby. He is endorsed by both Democrats and Republicans.

The Sun never said that Dave

Cross "made speeches in a colored church," as Mr. Alben Barkley probably very well knew when he indicated that ingenious denial, which appeared in the News-Democrat last night. By the way, how altogether considerate it was of Mr. Barkley to assume for Mr. Cross the responsibility of saying something that was certain to prove embarrassing to the author in these last few days of the campaign. But, under the circumstances, we fear that Mr. Barkley's denial of accusations against somebody else do not carry sufficient weight for the purpose. Mr. Barkley is only the city chairman. Tom Taggart should have been selected to make that denial. He is national chairman, and, no doubt, Mr. Taggart would have been glad to state that Mr. Cross did not hold a meeting at Seventh and Adams streets, as far as it came under Mr. Taggart's personal observation. After all, that is as much as Mr. Alben Barkley can say with certainty.

The general council has reduced the city tax rate, built streets, laid sewers, built sidewalks, improved the city lighting plant, caused the Sabbath to be honored, taken precautions to protect your girls from insult and your children's minds from contamination, exercised economy, honesty and good judgment. Their opponents only can appeal to party prejudice in their own behalf. Do you reward business judgment and faithful service in your private affairs? Has the method proven successful? Wouldn't the same method prove successful in public affairs? If the general council has been a good one, don't change, but endorse its conduct by returning the candidates for re-election. If you do not endorse the honesty and fidelity of these men, you can not expect their opponents to pursue that policy. If they see you turn down officials, who have been honest and faithful, naturally they will assume you do not desire that kind.

The Republican candidates for school trustees stand on a platform pledging them to the sole aim of school development, disregarding personal interests and claims. The schools are nearest the home of all the public institutions. It is there the minds of your children are trained to think, either correctly or incorrectly. It is there their characters are formed as much as in the home. For twelve years of their lives, at the age when their minds are being shaped, their memories stored with good or evil, their emotional faculties attuned to respond to every sensation, they will attend school and be developed into useful men and women, or ruined by inept instructors. At the convention, which selected candidates for school trustee, a platform was adopted for the guidance of the candidates, and then men were named that best conformed to principles enunciated. Let your vote be for school development.

More and more is Paducah becoming a city of flats and apartment houses, excellent proof, too, of its advancement along city lines, and these will increase as the years go on and her growth continues. Cozy, labor-saving and delightful homes these are found to be, they yet lack the element of outdoor life that tired nature demands. To these myriad dwellers in apartment houses more than others should the park bond issue appeal. The parks will be an outlet for that contact with Mother Earth that is so necessary for the preservation of sanity in these too crowded days of strenuous living.

Ratification of the water contract will not delay the purchase of the water plant one second. It will only reduce the cost of water to the city until such a time as the people decide they wish to acquire the plant. Don't listen to insane arguments based on hate and malice. Read the contract. It is published in today's Sun.

"I am for municipal ownership," asserted Mayor Yeiser and then launched forth in a speech in favor of the water contract and the bond issue. But, Mayor Yeiser we thought you were drummed out of the municipal ownership camp yesterday, because you do your own thinking.

"No corporation could hire me to advocate principles I do not endorse," indignantly declared Hon. Hal S. Corbett, prefacing his address in favor of the water contract and the park bond issue at the city hall last night. Has the mud mill no missiles for Mr. Corbett?

The police court bench is not the proper office with which to reward a ward heeler for faithful service on election days. He is under too many obligations to the people who appear most often before the court.

Consuelo Vanderbilt got a title and two children. And old man Vanderbilt had to work pretty hard for that money.

President Castro, of Venezuela, is reported very weak. Asphalt bonds are correspondingly strong.

Another Charge Against Student.
Lexington, Ky., Nov. 2.—Another charge of shooting without warning was placed against Shelby Jett, one of the student rioters. Louis Biggerstaff, identified by Officer Meyers as one of his assailants, was placed under arrest in court room. All the cases were passed for a week.

Park Commissioners Explain The \$100,000 Bond Issue.

The law creating the park board was introduced by Lexington, Covington and Newport, the other second class cities of Kentucky. They have parks now, and wanted provisions for their maintenance, so the prospects of it ever being repealed are out of consideration, as those towns would certainly fight any such move very vigorously.

Therefore, if, under the law, we are to have a park board, let us make the best of the opportunity and establish a system of parks NOW, for you and yours, instead of waiting twenty or more years.

Under the law, the council is to assess 5c on the \$100 for parks, which with Paducah, now, is \$5,000 a year. As the city grows this will increase.

The \$100,000 bond issue was conceived as a measure to give us now as much money as we would get under the law in twenty years, if we waited.

The commissioners will establish a sinking fund, depositing in it the money received from the city each year, and the bonds paid off with this fund when due.

They will be for forty years, and will bear 4 per cent. interest only. Absolutely no other appropriation

WITHOUT CEREMONY.
Daly Opposed to Trade of World, Says Consul Jones.

Washington, Nov. 2.—Daly was opened to the trade of the world on September 1 without any ceremony whatever, according to a report just made to the state department by John Edward Jones, the American consul at that point. Mr. Jones says there is much business activity in Daly and many Japanese cargoes have arrived already. A number of Chinese merchants are on ground looking over the field. At present no business houses are available, but Mr. Jones says a number of Japanese firms have obtained permission to repair buildings which were damaged in the late war, and merchants of other nations probably can obtain the same right. Haste is necessary, however, as the consul says only a few of the damaged structures still remain unleased.

BONI SUCCESSFUL.
In Preventing Publication of Divorce Proceedings in Paris.

Paris, Nov. 2.—As a result of the industrial campaign of Count Boni de Castellane to prevent the publication of the news that suit for divorce brought against him by his wife came up for a hearing yesterday, not more than a third of the newspapers mention the fact, and not a single detail is printed here, the law making the publication of divorce testimony a criminal offense.

CITY COUNCILMAN UNDER FIRE
Grand Jury at Indianapolis to Investigate Deal for Paving.

Indianapolis, Nov. 2.—Judge Alford of the criminal court announced today he would order a grand jury inquiry into the connection of Councilman Royse with a street paving company and its selling of supplies to the city. Judge Alford said if Royse is connected with the paving company or takes contracts from the city he ought to be indicted.

To sell for 10c to \$2.50

The law creating the park board was introduced by Lexington, Covington and Newport, the other second class cities of Kentucky. They have parks now, and wanted provisions for their maintenance, so the prospects of it ever being repealed are out of consideration, as those towns would certainly fight any such move very vigorously.

Therefore, your taxes won't be increased one cent, regardless of what any one may tell you. You will have to pay the 5c whether the bonds are issued or not.

But, what is the tax, 5c? If a poor man has a home he values at \$2,000, he pays \$1 a year for the parks. He would pay that in car fare alone, in one week, if he took his family to Wallace park.

It is our plan to put a park where ever they are wanted. One will be in Mechanicsburg as well as in all the localities.

Remember these facts and if there is any other point on which you want further information any member of the board will gladly give it.

The issue is for all Paducah, and in the interest of no one more than another.

FREE EXCHANGE OF MESSAGES
Advocated by United States at Wireless Telegraph Conference.

Berlin, Nov. 2.—The delegates to the wireless telegraph conference finished their work today and expect to sign a convention Saturday. The agreement will be framed on the principle of free intercommunication between all systems, but Great Britain and Italy will sign with reservations designed to protect the existing arrangements with the Marconi company. Germany supported the United States regarding intercommunication between ship and shore, but during the first sessions of the conference practically all the delegates opposed the idea of a free exchange of messages between ship and shore as one which if persisted in, might bring the conference to nothing.

AMONG GREAT SPEECHES.
Hon. E. W. Bagby's Eulogy of McKinley Is Preserved.

Word has been received in Paducah that a book, entitled "Kentucky Eloquence," has just been published, containing the eulogies of all the famous addresses by Kentuckians and the poems of her authors since the state was formed. Among the great speeches is that of Hon. E. W. Bagby, eulogizing the late President William McKinley. Judge Bagby was on the bench at Weikfield at the time McKinley was assassinated and the people asked him to deliver a eulogy. He complied, and his speech has been preserved among the other great ones of the state.

The Rigors of Cold Weather.
Probably at no time of the year does the physical condition of the body demand more attention than just at this season, the beginning of cold weather.

Let the system be run down, or the blood impoverished to any extent and the cold weather goes hard with you. Naturally the thing to do is to get the circulation in good order, and the whole system toned up to stand the rigors of winter.

Some physicians prescribe the daily cold bath, others seek recourse in blood tonics, and other stimulants, but, probably the most rational treatment of all is the Osteopathic, as Osteopathy more quickly, and more effectively rights the blood flow and restores normal conditions than any other known treatment.

Osteopathy is only a natural treatment, a method of bloodless surgical manipulations to remove any obstructions interfering with the proper transference of nerve force, or natural blood flow, or the other fluids, to the organ or part involved.

I should like to have you call and let me tell of some Paducah people whom you know well that Osteopathy has done much for, and also to tell you what it will do in your particular case.

My office hours are from 9 to 12 and 2 to 5, 516 Broadway, Phone 1407.

UTES CAPTURED PROVISION WAGON

Leave Soldiers On Buffalo Creek On Short Rations.

Outwit Pursuing Troopers in Montana by Making a Wide Detour.

PEACE EMISSARY ON HIS WAY

Sheridan Wyo., Nov. 2.—A band of 100 Ute Indians, it is reported, today captured a wagon loaded with 3,000 pounds of flour and supplies, bound for Arvada to the Tenth and Sixth cavalry. The driver was held at rifle point while the redskins sacked the entire load and carried it away, allowing the driver to proceed with the empty wagon. Troops camped at the mouth of Buffalo creek are on short rations and more food has been ordered from Little River, 30 miles from the troops. Most of the Utes are still camped on Bear creek, near Birny. Soldiers north of Sheridan have seen no trace of the Cheyennes.

An Emissary of Peace.
Sioux City, Ia., Nov. 2.—White Bull, one of the Sioux Indian chiefs, was in Sioux City today on his way to the scene of the Ute uprising in Wyoming to act as an emissary of peace. He said he was anxious to meet the leaders of the Utes that he might use his influence to dissuade them from fighting.

Renegades Outwitted Troops.
Miles City, Mont., Nov. 2.—Advices have been received of the arrival at Ashland of Fort Keogh troops. They saw no Utes, the renegades apparently outwitting the Montana soldiers by making a wide detour toward the Cheyenne reservation.

Scout Rouscup, who is thoroughly conversant with the section of the country in which the Utes are supposed to be, does not think the renegades will be given any assistance by the Cheyennes. Only one-fifth of the Cheyennes are on the reservation. The exact location of the Utes now appears to be uncertain. Scouts reported having seen bands in isolated sections and apparently the Indians have separated under different sub-chiefs to avoid giving their advance a hostile appearance.

ENDORSES MEASURES.

At a meeting of the directors of the Commercial club, held Oct. 31. The following resolutions were unanimously adopted:
Whereas, Two important matters concerning the welfare and progress of Paducah are to be submitted to the voters at the election next Tuesday, to-wit:—The question of issuing bonds for park purposes, and the confirmation of the contract between the city and the water company, for fire hydrants, and whereas, it is the belief of the directors of the Commercial club that these measures are worthy of and should have the sincere support of every voter in Paducah, and

Whereas, The saving of nearly \$100,000 to the taxpayers of Paducah through the ratification of this contract with the water company is to the interest of every taxpayer in Paducah.

Whereas, The park bond issue means no increased tax to the citizens of Paducah, as it is mandatory under the statutes to collect 5 cents on the one hundred dollars for park purposes and

Whereas, It will prove economical to complete these parks within five years, giving the benefit of same to the masses, at once, and at no greater cost to the taxpayers, through this bond issue than would otherwise result, and

Whereas, These progressive measures are for the city's interests, and we heartily recommend the support of the voters on these questions.

Now, therefore, be it resolved that it is the sense of this meeting that the directors of the Commercial club heartily endorse these measures and pledge their support to same.

Furthermore that the directors earnestly commend and urge upon the commercial interests and all who have the city's interests at heart, its future and its progress that they give these measures full consideration and delve into the facts thereof, and that they will vote understandingly, and not be misled by erroneous statements.

Resolved further, That a copy of these resolutions be furnished all of the papers of Paducah, and request that they be published.

Mr. C. A. Thurman, formerly an operator in local dispatcher's office of the Illinois Central, has accepted

the following were the reasons advanced by him: Frequent carriage rides, bouquets of roses, numerous boxes of candy. "When the walking is good," said Prof. Patten "you should not ride in carriages. The young men would not buy the flowers but to please you, while the purchase of candy is more or less harmful and costly."

CO-EDS DRAIN POCKETS.

Reasons Given for Poverty Among University Students.

Chicago, Ill., Nov. 2.—Three strong reasons were given last evening by Prof. A. W. Patten for the financial distress of many of the male students of Northwestern University in a talk after chapel. Prof. Patten addressed himself to the girls of the university, telling them that they were the cause of the empty pockets among the men.

The following were the reasons advanced by him: Frequent carriage rides, bouquets of roses, numerous boxes of candy. "When the walking is good," said Prof. Patten "you should not ride in carriages. The young men would not buy the flowers but to please you, while the purchase of candy is more or less harmful and costly."

Looking for Bogus Solicitors.

S. A. Everitt, of the Periodical Publishers' association, has instructed James Collins, chief of police, through letter to watch out for bogus solicitors who are working south. They have been working extensively in the east soliciting for periodicals with which they have no connection. The association pays \$25 for arrest and conviction of any bogus solicitor.

WOULD YOU EAT CORN HUSKS.

to get at the corn? Of course you would not. Then why should you take the greasy oil of the cod's liver to get the valuable medicinal elements contained therein?

The oil or grease has no medicinal virtue, but it is the medicinal elements enveloped in the oil which represent all the tonic and curative properties of cod liver oil.

In Vinol you get all of the medicinal curative elements of cod liver oil actually taken from fresh cod's livers, but no oil. The oil is thrown away for the same reason you throw away the corn husks.

Our local druggist, W. B. McPherson, says: "Knowing the wonderful medicinal, curative and body-building properties of Vinol, I wish every person in Paducah who is overworked, run-down, debilitated, every old person, every weak woman, every sufferer with chronic colds, bronchitis, or incipient consumption would try Vinol on our offer to return money if it fails to benefit." W. B. McPherson, Druggist.

Note—While we are sole agents for Vinol in Paducah it is now for sale at the leading drug stores in nearly every town and city in the country. Look for the Vinol agency in your town.

FIVE THOUSAND FEET IN THE AIR

Balloonist Went Hanging By One Leg.

Heavy Wind Burst Bag and Casting Off Basket and All Weight He Took Chance.

TELLS OF HIS EXPERIENCE.

Augusta, Ga., Nov. 2.—Dr. Julian P. Thomas, the millionaire amateur aeronaut of New York had perhaps the narrowest escape in the history of American balloon ascensions here this afternoon. He was carried thousands of feet in the air, clinging to the network of a runaway balloon, with neither basket below him, nor ballast to aid him.

The truant balloon went entirely out of sight, and the hundreds who desperately chased it in automobiles and buggies lost the trail for more than an hour. The balloon had come to the ground six miles from town. Thomas, who had cast off his basket rather than disappoint the spectators, was dragged about a cotton field in making a landing, but escaped with a bruised arm.

Tells His Experience.

On his return to this city Dr. Thomas gave the following account of his experience:

"I came to Augusta to make an ascension and I made it in spite of the fact that the balloon burst before it left the ground. For three days and nights myself and my men worked hard to fill the balloon with gas. Just as we had accomplished this difficult task the wind became so strong that it took hundreds of bags of sand and forty men to hold it on the ground. In spite of their combined efforts the balloon swayed and tossed backward and forward, bending itself on the ground and against electric wires of every description. Finally we succeeded in freeing it from the wires and drawing it onto a large flatboat on the canal, and held it steady there by an army of boys and men.

"There was nothing to do but to ascend immediately or give up the ascent entirely, as there was no possible way in which the balloon could be successfully repaired in the south. I was determined to make the attempt whatever the cost. I had all the ballast cast off immediately and ordered the men to turn loose, but the balloon would not ascend. I then disconnected my anchor and then my heavy guide (I had two). Next I disconnected my basket and climbed into the rigging, hitching on one bag of ballast I gave the word to let her go, and up I went like a rocket. Unfortunately my second guide rope caught on a post, and I was being drawn on the tops of buildings at the rate of thirty miles an hour. There was only one thing that could save me. This was to cut the guide rope. This I instantly accomplished, as I had carried in my mouth a long open knife as a precautionary measure. Instantly I had done this I shot up to a height of 5,000 feet.

"For the first time in my ballooning experience I felt rather uncomfortable, to say the least, for I was hanging on one of the ropes of the rising by one leg. At the height of 5,000 feet I made myself more comfortable.

Postmaster Robbed.

G. W. Fouts, Postmaster at River-ton, Ia., nearly lost his life and was robbed of all comfort, according to his letter which says: "For 20 years I had chronic liver complaint, which led to such a severe case of jaundice that even my finger nails turned yellow; when my doctor prescribed Electric Bitters; which cured me and have kept me well for 11 years." Sure cure for Biliousness, Neuralgia, Weakness and all Stomach, Liver, Kidney and Bladder derangements. A wonderful tonic. At all druggists, 50 cents.

New York's Big Budget.

New York, Nov. 2.—It will take \$130,421,505.66 to run Greater New York and the counties which it embraces during the year 1907. This was the aggregate of the annual appropriations made today by the board of estimate. The net increase was \$13,616,015, which includes \$3,000,000 appropriated under the tax deficiency law of 1906 to wipe off the books that amount of uncollectable taxes. Mandatory provisions for salary increases, etc., amounted to \$6,169,599 and the other increases to \$4,436,416. Notwithstanding the swelling of the budget the tax rate, the mayor said, will not differ materially from that of the last two years.

The Hospital

Thankful are They Who Escape The Surgeon's Knife

Thousands of surgical operations are performed every year in our great city hospitals upon women afflicted with serious female troubles. Sometimes the operations are successful—oftentimes they are not.

It is safe to say that certainly nine out of ten operations for female troubles might have been wholly avoided.

The most valuable tonic and re-builder of the female organism, the medicine with a record of thousands of cases literally snatched from the operating table, is

Lydia E. Pinkham's Vegetable Compound

Do not consent to an operation which may mean death until after you have given Lydia E. Pinkham's Vegetable Compound a fair trial. Note what it did for Mrs. Paul Oliver, whose letter follows:

DEAR MRS. PINKHAM:—I was suffering from pains in my side and a serious female trouble. The doctors said to get well I must have an operation performed, but I would not consent to that.

I heard of Lydia E. Pinkham's Vegetable Compound and sent for a bottle; the first dose did me good, and after taking the first bottle I could sleep all right and I did not have those pains in my abdomen which I had all the time before. Now I can ride ten miles in a carriage, my color has returned, and I am full of life. I owe all this to the Vegetable Compound.

It has also done wonders for my thirteen-year-old daughter. I will never cease to praise it and recommend it to my friends.

Mrs. PAUL OLIVER, St. Martinsville, La.

Thousands of women, residing in every part of the United States, bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound. It cures female ills and creates radiant, buoyant female health. For your own sake try it.

Contrasting Characters in the Play.

Jules Murry's production of Clyde Fitch's greatest play "Her Own Way" will be seen here at The Kentucky on Friday night. Among the characters in the play are two men battling for the girl they love, each with his own differing weapons. One is a soldier who fights his love battles as he fights in the Philippines. The other is a born schemer who does his best to win by blasting the lives of those nearest and dearest to the woman he loves. There is the gambling brother, the schemer's willing tool. The prattling of the children in the place piece in another telling factor in the story. And last of all is the heroine strong in her own might, capable of fighting her battles single-handed, who wrests victories from seeming defeat and sets all things right in "Her Own Way." This wonderful character of Georgiana is played by Miss Sylvia Lynden.

B. C. Whitney's "Piff, Paff, Pout."

B. C. Whitney's gorgeous musical production, "Piff, Paff, Pout," from its run at the New York Casino, is the offering at the Kentucky theater Saturday matinee and night. The story of "Piff, Paff, Pout" concerns one August Melon. (Chas. P. Morrison) who cannot touch two millions left him by his deceased wife, should he marry before his four daughters have found husbands. As the gay widower cruises along the sands of Atlantic City for a wife, he meets the dashing widow, Lillian Montague (Henrietta Lee) whom he considers his affinity. Immediately they begin laying plans to marry of the four Melon girls. There are more than 20 song successes the most prominent being, "I'm the Ghost That Never Walked," "My Unkissed Man," "I'm So Happy," "Little," "Under the Goo Goo Tree," "Corde-lia Malone," "The Melancholy Sun-beam and the Rose," "Dolly Dimple" and others. The principals this season are: Henrietta Lee, Denman Maley, Emilie Gardner, Charles B. Morrison Olive Woolford, Charles M. Holly, Lulu McConnell, J. C. Mendall, Fannie Ide, John Dyer, Lisle Bloodgood and others including the original American pony ballet, the greatest octette of dancing girls in the world.

CHAPTER XVII.

THREE days after the arrival of the rescuing force at the plateau Guy Oscar had organized a retreating party, commanded by Joseph, to convey Jack Meredith down to the coast. He knew enough of medicine to recognize the fact that this was no passing indisposition, but a thorough breakdown in health. The work and anxiety of the last year, added to the strange, disquieting breath of the simian grove, had brought about a serious collapse in the system which only months of rest and freedom from care could repair.

Before the retreating column was ready to march it was discovered that the hostile tribes had finally evacuated the country, which deliverance was brought about not by Oscar's blood stained track through the forest, nor by the desperate defense of the plateau, but by the whisper that Victor Duranovo was with them. Truly a man's reputation is a strange thing!

And this man, the mighty warrior whose name was as good as an army in central Africa, went down on his knees one night to Guy Oscar, imploring him to abandon the simian plateau, or at all events to allow him to go down to Loango with Meredith and Joseph.

"No," said Oscar; "Meredith held this place for us when he could have left it safely. He has held it for a year. It is our turn now. We will hold it for him. I am going to stay, and you have to stay with me."

For Jack Meredith life was at this time nothing but a constant, never ceasing fatigue. When Oscar helped him into the rough litter they had constructed for his comfort, he laid his head on the pillow, overcome with a dead sleep.

"Goodby, old chap," said Oscar, patting him on the shoulder.

"G'by," and Jack Meredith turned over on his side as if he were in bed, drew up the blanket and closed his eyes. He did not seem to know where he was, and, what was worse, he did not seem to care. Oscar gave the signal to the bearers, and the march began. There is something in the spring of human muscles unlike any other motive power; the power of thought may be felt even on the pole of a litter, and one thing that modern invention can never equal is the comfort of being carried on the human shoulder. The slow, swaying movement came to be part of Jack Meredith's life—indeed, life itself seemed to be nothing but a huge journey thus peacefully accomplished. Through the flapping curtains an endless procession of trees passed before his half closed eyes. The unrelenting gable of the light hearted bearers of his litter was all that reached his ears. And ever at his side was Joseph, cheerful, indefatigable, resourceful. There was in his mind one of the greatest happinesses of life—the sense of something satisfactorily accomplished—the peacefulness that comes when the necessity for effort is past and left be-

hind—that lying down to rest which must surely be something like death in its kindest form.

The awe inspired by Victor Duranovo's name went before the little caravan like a moral convoy and cleared their path. Thus, guarded by the name of a man whom he hated, Jack Meredith was enabled to pass through a savage country literally cast upon a bed of sickness.

In due course the river was reached and the gentle swing of the litter was changed for the smoother motion of the canoe. And it was at this period of the journey, in the forced restfulness of body entailed, that Joseph's mind soared to higher things and he determined to write a letter to Sir John.

He was, he admitted to himself, no great penman, and his epistolary style tended, perhaps, more to the forcible than to the finished.

"Something," he reflected, "that'll just curl his back hair for 'im; that's what I'll write 'im."

Maala had been devastated, and it was within the roofless walls of Duranovo's house that Joseph finally wrote out laboriously the projected capillary invigorator.

FINGER PRINTS LEAD TO ARREST

Fugitive From English Justice Found In Army.

Farmers Will Be Taught How to Manufacture Denatured Alcohol by Government.

SOUTHERN PORTS WIN FIGHT

Washington, Nov. 2.—A curious result of the recent adoption by the United States army of the system of identification by finger prints, just reported to the war department, was the discovery in the person of a British murderer for whom the Scotland Yard authorities have long been looking. The man was a prisoner in the United States penitentiary serving a five-year sentence for a military crime. In prison he was well behaved and liked, but when the warden, following the general order to take the finger print records of all soldiers, attempted to secure an impression of this man's digits, he met with violent resistance and the assistant who tried to make the record was knocked down and roughly handled. Suspecting that this resistance was based upon the man's previous knowledge of the finger print, the warden sent copies of the prints to the police authorities in a number of cities.

Teach Alcohol Making.

Washington, Nov. 2.—The department of agriculture, through Dr. H. W. Wiley, chief of the bureau of chemistry, has undertaken to educate the farmers regarding the manufacture of denatured alcohol. Two bulletins were issued today devoted to the description of the sources by which industrial or denatured alcohol may be obtained, the method of manufacture and to some uses to which it may be put, as well as statistics showing the possibilities in the development of the industry.

Changes Panama Contract.

Washington, Nov. 2.—New Orleans, Mobile, Norfolk and other ports which are competing for Panama canal freight shipments won a decided victory in changes made in the original draft of the canal contract made public today by directions of the Isthmian canal commission. As the contract originally was drawn, it provided that contractors' supplies would be carried at half-rate over the Panama Railroad Steamship line. One of the changes announced today omits this provision and throws the freight business open to all competing ports.

Post Card Rating.

Washington, Nov. 2.—Postmaster General Cortelyou has issued an order which will be of interest to a multitude of people engaged in the collection and exchange of illustrated post cards, which are understood to be very profitable mail matter. The universal postal convention recently concluded in Rome provided that on October 1, 1907, these cards which are technically designated "post cards" in our service in contradiction to the government postal card, shall be admitted to the mails exchanged between the countries of the postal union when bearing a written message on the left half of the front of the card; but inasmuch as such cards are now admitted at the postage rate applicable to post cards both to the domestic mails of the principal countries of Europe, and to the mails exchanged between them, the postmaster general has ordered that from this date post cards conforming to the provisions of the Rome convention when mailed in foreign countries and fully prepaid by postage stamps, shall be delivered to addressees in the United States without additional charges for postage on and after March 1, 1907.

ALWAYS WAS SICK.

When a man says he always was sick—troubled with a cough that lasted all winter—what would you think if he should say he never was sick since using Ballard's Horchound Syrup. Such a man exists. Mr. J. C. Clark, Denver, Col., writes: "For years I was troubled with a severe cough that would last all winter. This cough left me in a miserable condition. I tried Ballard's Horchound Syrup and have not had a sick day since. That's what it did for me."

STRONG SPEECHES ABOUT THE ISSUES

Made At City Hall By Well Known Men Last Night.

Well Attended Non-Partisan Gathering Presided Over by Mayor Yeiser.

THE COURT HOUSE TONIGHT.

Strong speeches, enthusiasm, good music and good feeling characterized the mass meeting at the city hall last night, in which the park bond issue and the water contract were discussed. The humor of the audience which filled the larger part of the police court room, was practically unanimous for both propositions, and the audience plainly was non-partisan and cosmopolitan.

It was shown that the ratification of either proposition by the voters next Tuesday would not interfere with any future financial operations the city may care to promote. It was demonstrated that the park bond issue was financially sound and morally correct. That the water contract contains the best terms the city can make with the water company and that the saving to the city for hydrant rent will amount in eighteen years, to enough to pay for the proposed bond issue for parks.

The relation of parks, sewers and good streets to the progress of the city was proven to be as vital as any issue which may arise in the administration of its business. Parks are a necessity which if not provided for by the municipality, will be provided by private enterprise, and even from the standpoint of municipal ownership, it would be advisable to handle the question on a scale at once adequate and competent.

The Speakers.

Mayor Yeiser, Dr. D. G. Murrell, Alderman W. T. Miller, Hon. Hal S. Corbett and Alderman Earl Palmer spoke. Mayor Yeiser was elected to the chair and presided over the meeting until called away by an engagement, his place being filled out by W. F. Bradshaw, Jr. E. J. Paxton was elected secretary. At the close of the speaking by the speakers on the program, an open discussion of the subject was invited. No one arose to take the opposite side to the one presented by all the speakers, but James E. Wilhelm, Armour Gardner and others were called upon to speak, though not being present.

Resolutions embodying the points brought out in the speeches were adopted and ordered signed by 20 citizens to be designated by the chair, these resolutions to be sent to as many voters in the city as practicable.

It was stated by Alderman Miller that in addition to the 10 per cent limit of bonds a city may issue, by a two-thirds vote of the citizens, another 2 per cent. may be issued, and that, even should the bond issue possibility left after voting the park bond issue, not be sufficient, the 2 per cent. would more than make up the deficit, so that the main contention of the opposition to the park bond issue is nullified. Two per cent. additional would increase the possible bond issue, after voting the park bonds, to \$600,000.

Mayor Yeiser.

In his speech, Mayor Yeiser declared that the meeting was non-partisan and he believed the bond issue was a move in the right direction. He expressed the utmost confidence in the integrity of the park commission, composed as it is of conservative and proven citizens.

Dr. D. G. Murrell said this general topic could make an investment, by procuring sufficient funds through a bond issue, that would be a bargain for future generations ever would be grateful. He said that even if we could not pay the whole cost now, the next generation gladly would contribute its share, and still would have a bargain.

Alderman Miller said that the park bond issue was not a "corporation trick," that it was fostered by intelligent and honest citizens. He traced what was done in the past in the way of parks, and showed it to be God's purpose that man should live in scenes of natural beauty. The national government has recognized the value of reserving certain spots of natural beauty, and for it to have waited to accomplish its purpose would have been as great a mistake as for the city to let this opportunity to secure parks pass.

No Corporation Hiring.

Hon. Hal Corbett declared that no corporation could hire him to champion any movement which did not have the best interests of the citizens at heart. He showed what good streets have done for the city and asserted that parks would be another and equally as important step in the same direction. He deplored the attempt being made to array different "classes" against each other and illustrated the benefit of parks to the laboring man. He said the desire to get public utilities is no excuse for neglecting the vital question of parks. He believed that if the proposition thoroughly was understood over the city, it would be unanimously approved. His attitude toward wealth aggregated into corporate form, was sane and just.

Water Contract.

Alderman Palmer talked mostly about the water contract, in the mak-

Habit-forming Medicines.

Whatever may be the fact as to many of the so-called patent medicines containing injurious ingredients as broadly published in some journals of more or less influence, this publicity has certainly been of great benefit in arousing needed attention to this subject. It has, in a considerable measure, resulted in the most intelligent people avoiding such foods and medicines tending to injure the system. Recognizing this fact some time ago, Dr. Pierce, of Buffalo, N. Y., "took up by the forelock," as it were, and published broadcast all the ingredients of which his popular medicines are composed. Thus he has completely forestalled any harmful criticism and all opposition that might otherwise be urged against his medicines, because they are now of known composition. Furthermore, from the formula printed on every bottle wrapper, it will be seen that these medicines contain no alcohol or other habit-forming drugs. Neither do they contain any narcotics or injurious agents, their ingredients being purely vegetable, extracted from the roots of medicinal plants found growing in the depths of our American forests and of well recognized curative virtues.

Instead of alcohol, which even in small portions long continued, as in obstinate cases of disease, becomes highly objectionable from its tendency to produce a craving for stimulants, Dr. Pierce employs chemically pure, triple-refined glycerine, which of itself is a valuable remedy in many cases of chronic diseases, being a superior demulcent, antiseptic, antiferment and supporting nutritive. It enhances the curative action of the ingredients. Dr. Pierce's "Golden Medical Discovery," in all bronchial, throat and lung affections attended with severe coughs. As will be seen from the writings of the eminent Drs. Grover, Grover, of New York; Bartholow, of Jefferson Medical College, Philadelphia; Scudder, of Cincinnati; Irving, of Chicago; Hale, of Chicago, and others, who stand as leaders in their several schools of practice, the foregoing agents are the very best ingredients that Dr. Pierce could have chosen to make up his famous "Discovery" for the cure of not only bronchial, throat and lung affections, but also of chronic catarrh in all its various forms wherever located.

ing of which he was instrumental. He defended the integrity of the Joint committee which negotiated with the water company against the insinuations made by the opponents of the contract. It was his opinion that, if the contract is voted down, the citizens will show that they do not want a business-like administration of public affairs. He took up the objections to the contract in detail and answered them. The anvil chorus raised by a certain clique against every suggestion made to promote the welfare of the city he said, was pessimism, and pessimism is not a quality that either starts or keeps the world going.

Mr. C. H. Chamblin suggested a standing vote of the two propositions and on the park bond issue, the vote unanimously was favorable. On the water contract two citizens voted "nay." The two negative voters were invited to state their objections but did not respond.

A vote of thanks to the Starks-Ullman band, which played, was given and their presence at tomorrow night's meeting at the court house was invited.

WATER CONTRACT TO BE VOTED ON AT THE NOVEMBER ELECTION

REPORT OF JOINT LIGHT AND WATER COMMITTEE ON NEW CONTRACT BETWEEN THE CITY OF PADUCAH AND THE PADUCAH WATER COMPANY.

Owing to the fact that the contract existing between the city of Paducah and the local water company for fire hydrants expires during the current month it was incumbent upon the general council to negotiate for such service covering the remaining period which the franchise of the water company still has to run, to-wit: eighteen years.

After several conferences between the joint light and water committee and the officers of the water company a scale of rates for fire hydrants was agreed upon by the committee and the water company. These rates have been embodied in a contract which will be submitted to the general council for such action as the wisdom of that body may determine. If the proposed contract is favorably acted upon by the general council, it must be submitted to the voters of the city at the next election and affirmatively ratified by not less than two-thirds of the vote then cast upon the question before contract between the city and the water company can be finally executed.

It is therefore worth while for the voters of the city to carefully consider the terms of the proposed contract before casting their votes at the coming election, and if it appears that the proposed contract is to the advantage of the city, then to register their approval thereof upon their ballots.

In order that the voters may have an opportunity to become fully advised regarding the terms of the proposed contract a copy of the same is herewith submitted which reads as follows:

"Section 1. That the City of Paducah, Ky., agrees to rent and does hereby rent from Paducah Water Company, its successors and assigns, four hundred and eleven (411) double nozzle fire hydrants now established in said city for a period of eighteen (18) years from the passage and final approval of this ordinance, after an election by the people as hereinafter provided. The annual rental for each of said fire hydrants, which the city of Paducah hereby agrees to pay for the first ten (10) years of said term, shall be twenty (\$20.00) dollars and the annual rental for the remaining eight (8) years shall be fifteen (\$15.00) dollars, unless the said city shall sooner purchase water company's plant, with six (6) per cent interest upon deferred payments. The payments of said rentals shall be made as provided in the original ordinance contract.

"Section 2. All additional hydrants on extensions of mains that may be erected hereafter by the Paducah Water company, its successors or assigns, as provided in the original ordinance contract during the said eighteen years, shall be charged and paid for as provided in section one hereof; but at the expiration of ten (10) years from the time this ordinance shall have been finally approved as set out above, all the then fire hydrants shall be charged and paid for at the uniform rate as above provided and the contract thereafter shall expire at the end of the eighteen years fixed in section one.

"Section 3. Before this ordinance shall become effective it shall be submitted to a vote of the qualified voters of the city of Paducah, Ky., at the general election to be held in said city on the 6th day of November, 1906, the said vote to be taken in the manner and as provided by law for the submission of public questions to the voters of said city.

"Section 4. This ordinance shall take effect and be in force from its passage approval and ratification by the qualified voters of the city of Paducah, Ky., and a written acceptance of its terms and conditions by the Paducah Water company filed with the clerk of the city of Paducah, Ky., within ten (10) days after the official certificate of its approval at the popular election."

At the present time the water company has installed for the use of the city 411 fire plugs, which under the old contract are rated and cost each year as follows:

150 fire plugs at \$10.00...\$6,000.00

30 fire plugs at \$30.00... 900.00

231 fire plugs at \$25.00... 5,775.00

Total\$12,675.00

Under the proposed contract this same service would cost the city but \$8,220.00 for each of the first ten years of the contract a saving upon the number of hydrants now installed of \$4,455.00 per annum and for the ten year period a saving of \$44,550.00.

For each of the last eight years which the franchise has to run, the cost for 411 hydrants would be \$6,165, a saving to the city of \$6,510 per annum of \$52,080 for the entire eight years of the franchise, making a total saving to the city between the existing contract and

the proposed contract of \$96,630.

There is nothing contained in the proposed contract changing the rights of the city or those of the water company under the original franchise. The city still retains the right to purchase the water company's plant at the expiration of each five year period in accordance with the terms of the original franchise.

This committee has also compared the rates contained in the proposed contract with those in effect in 127 other cities for the same class of service and finds the proposed rates lower than those paid by any of these cities. The approximate average cost per hydrant in the number of cities mentioned above is \$48.

The rates referred to were submitted by the local water company and this committee assume that the figures are correct. The list of the cities with the rate paid in each is on file with this committee and anyone desiring to verify the figures contained therein may have the opportunity of doing so at any time.

It should also be borne in mind that until a new contract is entered into between the city and the water company, that the rates charged under the existing contract will maintain. The only alternatives offered to escape from the old rates are either to make a new contract or to discontinue the service, the latter, of course, being quite impossible.

Therefore this committee has no hesitation in recommending to the general council and to the voters of the city of Paducah that the proposed contract be ratified.

PHYSICAL WRECK SAID THE WORLD

In Speaking of Mary Baker G. Eddy Yesterday.

Claims That Lawyers Have Been Consulted in Regard to Her Property.

VIEWS ABOUT THE INTERVIEW.

New York, Nov. 2.—Under date of Boston, Mass., the World printed the following this evening:

"No doubt remains that Mrs. Mary Baker G. Eddy is a physical wreck, senile and close to death and that the doors of Pleasant View have closed upon her never to be reopened unless drastic legal measures be taken to solve the secrets of the house of mystery."

"The World is in a position to say positively that lawyers were today consulted in Boston by fair minded members of the Christian Science cult who are now convinced of Mrs. Eddy's pitiful collapse and of the fraud and trickery that surround her."

"Calvin A. Frye and others of his all powerful coterie, in actual physical possession and control of old Mrs. Eddy, will be forced to tell what has become of her great fortune, estimated by those who should know as close to \$15,000,000."

"The gravity of the situation is fully realized by the executive heads of the cult, and they were in session for hours today at headquarters."

"Admittedly, the carefully staged interview at Concord yesterday proved only one thing, namely, the literal truth of the World's exposure of Mrs. Eddy's pitiable condition."

"This was so apparent even to the most fanatical of the cult that Alfred Farlow, head of the national Christian Science publicity bureau, was forced to this remarkable statement today:

"I regard the interview of yesterday as a mistake," said he. "The reporters did not see Mrs. Eddy long enough to form an accurate idea of her condition."

ROOT EXCORIATES WM. R. HEARST

He Speaks By The Card For President Roosevelt.

As Roosevelt Saw Hearst When McKinley Was Assassinated He Sees Him Now.

CHARLATAN AND A DEMAGOGUE.

Utica, N. Y., Nov. 2.—Secretary of State Elihu Root joined with Charles E. Hughes, the Republican candidate for governor of New York state is here today, addressing a meeting in the Majestic theater. Secretary Root came directly from Washington and using the name of President Roosevelt and speaking as he said, "with his authority," asked the people of the state to elect Hughes governor. When he appealed to the workmen to help President Roosevelt by electing Hughes, there was a great outburst of cheering. And at the conclusion of his quotation from Roosevelt's message, relating to the assassination of President McKinley, when he said, "and I say by his authority that what he thought of Hearst then, he thinks of Hearst now," the demonstration and applause and cheering which followed, continued for some time.

"President Roosevelt and Hearst stand as far apart as the poles."

"Listen to what President Roosevelt himself has said of Hearst and his kind. President Roosevelt's first message to congress, speaking of the assassin of McKinley, he spoke of him as 'infamed by reckless utterances of those who on the stump and in the public press, appeal to the dark and evil spirits of malice and greed, envy and sullen hatred. The wind is sowed by men who preach such doctrines, and they cannot escape the responsibility for the whirlwind that is reaped. This applies alike to the deliberate demagogue, to exploiter of sensationalism and to the crude and foolish visionary who, for whatever reason, apologizes for crime and excites aimless discontent.'"

"I say, by the president's authority, that in opening with these words, with the horror of President McKinley's death fresh before him, he had Hearst specifically in his mind, and I say, by his authority, that what he thought of Hearst then, he thinks of Hearst now."

Characterizing Hearst as a violent and unworthy demagogue and persistent office seeker, Root declared that as a congressman he proved himself a worthless public servant; that while professing to favor independent judiciary he had made a deal with Tammany Leader Murphy, for the nomination of the judiciary ticket in New York; that while inveighing against corporations, his own corporate management shows the insincerity of his profession; that it is not clean and lawful redress of wrongs which he seeks, but turmoil of inflamed passions and terrorism of revengeful force; that he is guided by selfish motives, and is "not guiltless of McKinley's death."

Root then denounced Hearst as a skillful demagogue and declared he is especially dangerous, because he is rich, owns newspapers of large circulation and can hire able men to speak well of him. Root declared that there is no testimony from neighbors and acquaintances "as to his private virtue, excellence of morals or correctness of conduct which we should like to have concerning the man who is to be made governor of our state."

Hearst, he said, is known solely as a rich man who owns a number of sensational papers and publishes whatever he thinks will get the labor vote.

TWELVE YEARS ASLEEP.

Remarkable Case of Coma Is Unearthed.

Columbia, Ky., Nov. 2.—One of the most remarkable cases in the annals of medical science has just come to light in Russell county, the truth of which is vouched for by prominent citizens of that community. Herchall Grider, aged 63 years, of near Rowena, fell asleep twelve years ago, and all efforts to awaken him have proven unavailing to this day. During that time he has been given liquid nourishment twice a day. The man's pulse and physical condition are said to be normal, and his muscles are more supple than a man who has had exercise. Physicians are puzzled over the strange malady.

Fourth Kentucky Pay.

Capt. C. C. Calhoun yesterday deposited with the auditor the government's voucher for \$24,000, which will be divided among the members of the Fourth Kentucky Infantry and the two troops of cavalry which served in the war with Spain.

WHOLE DISTRICT TO BEAR EXPENSE

General Council Instructs For New Estimates.

Superficial Square Foot Instead of Front Foot Will Be Basis of Distribution.

MAKE SMALL ASSESSMENTS.

The joint boards of the general council met last night in special session and decided on the method of assessment for sewer district No. 2.

L. A. Washington, city engineer, presented a report explaining the former methods and the methods stipulated under a late act. The board voted to assess the cost according to the superficial square foot instead of the front foot. This means that every property owner in the district will bear his proportionate share of the expense, and L. A. Washington, city engineer, was instructed to prepare his estimates accordingly.

City Engineer Washington also reported the completion of estimates for Contractor Thomas Bridges' Sons, for paving Kentucky avenue. He has his draftsmen working on other paving estimates on the same contract.

The distribution of the expense throughout the district instead of letting the burden fall wholly on abutting property owners will make this assessment light.

RIVER NEWS

The gauge registered a stage of 9.1 this morning, a fall of .6 in the last 24 hours. Business at the wharf was light this morning.

As the Dunbar continues to aground, the Joe Fowler took it in tow last night and carried it up the Tennessee river from the foot of Madison street, to where the Martha Hennen had been tied up. The Martha Hennen left yesterday after a tow of ties.

It is not known definitely when the Chattanooga Packet company will start the Chattanooga-Cairo line, but when it does go going Capt. Louis Pell will be on one of the steamers and Lige Mathis will be on the other. Capt. Mathis last season was first clerk on the Chattanooga.

The Kentucky arrived today later than usual from the Tennessee river and will leave Saturday evening on the return trip.

The Joe Fowler arrived last night at 11 o'clock and instead of returning immediately, waited until 11 o'clock this morning to leave on the regular schedule time. The Evansville packets will try to make schedule time from now on.

The John S. Hopkins will leave tomorrow at 11 o'clock for Evansville with Capt. E. W. Bewley in command.

The Georgia Lee arrived today from Memphis on the up trip to Cincinnati.

The Dick Fowler left on time for Cairo this morning for the round trip.

Official Forecasts.

The Ohio from Evansville to Cairo will continue falling during the next two or three days.

The Tennessee from Florence to the mouth, will continue falling during the next several days. It is probable that the river at Florence will fall below the 2-foot stage before another rise sets in.

The Mississippi from below St. Louis to slightly above Cairo will rise slightly during the next 24 hours.

PURITANISM RETARDS DRAMA.

Henry Arthur Jones So Declares in Lecture to Harvard Students.

Cambridge, Mass., Nov. 2.—"We owe the imbecility and paralysis of our drama today to the insane rage of puritanism that would see nothing in the theater but a horrible, unholy thing to be crushed out of existence," declared Henry Arthur Jones, the English dramatist, in his lecture on "The Corner Stones of a Modern Drama," before the students of Harvard University today.

"The hostile religious spirit every where sets up a current of ill will toward the drama in England and America," he said. "It everywhere stimulates opposition to the theater; it keeps alive prejudices that would otherwise have died down 200 years ago, and it is, in my opinion, the one great obstacle to the rise of a serious dignified national art of the drama."

Mr. Jones enumerated as secondary causes the divorce of the drama from literature, the absence from the theater of any sane or intelligible ideas about morality, the divorce of the drama from its sister arts, the absorption of the English drama into popular amusement, the want of a training school for actors, the elevation of incompetent actors and actresses into false positions as stars, and lack of interest in a play except as a vehicle for the star.

He satirically scored Oxford for its unwillingness to "allow anything but the dead to enter her doors," and he praised Harvard's progressiveness.

DON'T TAKE CHANCES WITH YOUR EYES

Taking chances with your eyes is downright carelessness. He who goes year after year with badly fitted eye glasses, who purchases his spectacles from off the counter, or from the hands of some peddler or traveling fakir, will some day find that he has done his eyes an injury that can never be remedied. Wrong glasses has done more harm to the eyes than has anything else. We examine your eyes carefully—E.R.E.E. O.E. CHARGE—and fit you the right glasses at the right price. We have all the latest, up-to-date electrical instruments for examining the eyes. Come in and talk it over.

Hearst to Prosecute.

W. R. Hearst yesterday appealed directly to Judge Otto A. Rosinsky, of the court of general sessions, to take vigorous criminal action against the board of elections of New York for alleged criminal negligence in failing to prevent the loss or destruction of petitions filed with the board to nominate candidates of the Independence league, Judge Rosinsky consulted District Attorney Jerome and together they decided to present the facts to a magistrate.

Big Rewards Offered. Rewards aggregating \$50,000 were offered yesterday by W. R. Hearst for evidence of election frauds.

In New York next Tuesday night. The rewards were announced by the New York Democratic state committee. Both Hearst and Hughes yesterday continued their up-state canvass.
